Creating Illuminati Fun Times

My Background

Just Finished my Undergraduate at the Rochester Institute of Technology RIT

- New Media Design & Imaging
 - UX Design
 - Workflows/User Mapping
 - Visual Design
 - 3D Modeling
 - Processing & Arduinos

My Background

My project is an interactive sketch piece where you draw the illuminati symbol and can distort it while it's being created.

- Quick fun low level interactions
- Dynamic Illustrations
- Uses of Sin/Cos Swirls
- Unique on press actions
